SHIFTPILOT - DEMO FEEDBACK FORM
M&S Store Visit | March 2026

==========

Thank you for taking the time to view this demo. Your honest feedback is invaluable in shaping this product. Please answer as many questions as you can. There are no right or wrong answers.

SECTION A: ABOUT YOU

Role at M&S: [✓] Employee / Shop Floor Staff [ ] Team Manager [ ] Store Manager

How do you currently manage / receive your shifts?
(e.g. paper rota, WhatsApp, a system like Kronos, word of mouth, etc.)

no

How comfortable are you using apps or digital tools for work?
[ ] Not comfortable at all [✓] Somewhat comfortable [ ] Very comfortable

---

SECTION B: FIRST IMPRESSIONS

---

1. After seeing the demo, what was your immediate reaction to the app?

good, tells you more

2. Did the app feel easy to navigate and understand?
[✓] Yes, very clear [ ] Mostly yes [ ] A bit confusing [ ] Hard to follow

If confusing, what was unclear?

_____

3. Does the visual design (layout, colours, icons) feel professional and appropriate for a workplace tool?
[✓] Yes [ ] Mostly [ ] Needs improvement

Comments: _____

SECTION C: EMPLOYEE FEATURES (All respondents)

[redacted]

6. The app shows you a live view of any PENDING changes to your availability before they are confirmed. Would this transparency matter to you?
   [✓] Yes, I'd want to know in advance [ ] Doesn't matter [ ] I'd find it confusing

7. Is there anything about managing your shifts or availability that you currently find frustrating that you'd hope an app like this could solve?

   No

SECTION D: MANAGER FEATURES (Team Managers / Store Managers only)

---

8. How much time do you currently spend each week creating or adjusting the rota?
   [ ] Under 30 mins [ ] 30 mins – 1 hour [ ] 1–3 hours [ ] 3+ hours

9. The app can generate an AI-suggested schedule based on staff availability and scheduling rules. How confident would you be using an AI-generated rota?
   [ ] Very confident — I'd use it as-is
   [ ] Mostly confident — I'd review and tweak it
   [ ] Not very confident — I'd want full control
   [ ] I wouldn't use it

   What would make you more confident in the AI suggestions?

10. The app lets you define scheduling rules (e.g. minimum hours per person, required coverage per shift, days off rules). How important is it that you can customise these rules yourself vs. having fixed defaults?
    [ ] Very important — every store is different
    [ ] Somewhat important
    [ ] Not important — sensible defaults are fine

11. The app shows a "proposal review" step where you can see exactly what will change before committing a new schedule. Does this approval workflow give you enough control?
    [ ] Yes, perfect [ ] I'd want more control [ ] I'd want a simpler/quicker process

12. When there are conflicts (e.g. two staff unavailable on the same shift), how would you expect the app to handle it?
    [ ] Alert me and let me resolve it manually

[ ] Have the AI suggest a fix automatically
[ ] Both — alert me and suggest options

13. What is the single biggest pain point in your current scheduling process that you would want ShiftPilot to eliminate?

_____
_____

SECTION E: CONCERNS & MISSING FEATURES
---

14. Do you have any concerns about using a tool like this?
(e.g. data privacy, staff resistance, reliability, training time)

NO
_____
_____

15. Is there a feature you expected to see in the demo that was missing?

Employee view of coworker shifts
_____
_____

16. Would you be likely to use ShiftPilot if it were available in your store?
[✓] Definitely [ ] Probably [ ] Probably not [ ] Definitely not

Reason: _____

SECTION F: OPEN FEEDBACK
---

17. What did you like most about what you saw today?

_____
_____

18. What would you change or improve first if you could?

_____
_____

19. Any other comments or suggestions?

_____
_____
